

ABOUT THIS STATEMENT OF VOTE

The Introduction

This Statement of Vote contains a wealth of information. In the introductory pages, you will find the voter registration and participation statistics reported by county for this election and statewide for past general elections starting with the November 8, 1910 election. Also included are the signature requirements for qualifying an initiative or referendum measure for the ballot, or a new political party to nominate state-level candidates. The voting systems used by the counties and a brief description of each one is next, followed by a brief discussion of the election of statewide officers, and members of the State Board of Equalization, Congress and the State Legislature. The last section in the introduction contains the summaries of votes cast for ballot measures alone and for all offices and measures on the statewide ballot.

The Statement of the Vote

The Statement of Vote reports the county-by-county vote cast for each candidate and measure on the ballot. For example, in a statewide contest such as United States Senator the vote is reported by all 58 counties, listed in alphabetical order with the statewide total at the bottom. Candidates are listed in party alphabetical order, major parties first followed by the smaller parties; i.e., Democratic, Republican, American Independent, Green, Libertarian, Natural Law, and Reform. Since this is again a closed primary, the percentage under the vote total indicates the percent of the vote that each candidate received from party voters only.
